

Scuderia Cameron Glickenhaus LLC

Part 566 Submission

March 16, 2020

Update to existing submission: Additional Information for 2-Door Boot and 4-Door Boot Models

The 2-door Boot is a convertible, 2-door, 2-seater MPV Open Body Type vehicle with an unladen weight above 5,500 pounds and a Gross Vehicle Weight Rating between 6,000 and 7,000 pounds. The front seats are inboard.

The 4-door Boot is a convertible, 4-door, 4-seater MPV Open Body Type vehicle with an unladen weight above 5,500 pounds and a Gross Vehicle Weight Rating between 6,000 and 7,000 pounds. The front seats are inboard and the rear seats are outboard designated seating positions.

The NHTSA Opinion Letter and the FMVSS require only Active not Passive Restraints for these specific 2-door and 4-door MPV vehicles.
